
IconExperience
V - Collection 5.0

Introduction

The IconExperience V-Collection is a set of icons that can be used as application icons on toolbars and buttons, as desktop icons and for general-purpose graphic design. The icons are carefully crafted with a high level of detail. This introduction gives you an overview of the V-Collection.

1,900 Base Icons

The V-Collection includes more than 1,900 base icons. Base icons display a single object or metaphor, such as a stock broker, a robot or an “at” symbol.

1,000 Pre-Combined Icons

Additionally, there are around 1,000 pre-combined icons included. These are base icons with one or more badges attached in order to create a new metaphor. For example, a “certificate” base icon with an “add” badge results in a combined icon that displays the “add certificate” metaphor.

140,000 Possible Combinations

The V-Collection comes with a software called the “Toolbox”, which can be used to easily create custom combined icons. With the included 78 badges and 1,900 base icons of the V-Collection, you can create more than 140,000 custom combined icons.

Seven Sizes

There are eight sizes available for each icon: 16x16, 24x24, 32x32, 48x48, 64x64, 128x128, 256x256 and 512x512 pixels. All icons are available as versions with shadow and without shadow for sizes 32x32 pixels and larger.

Two File Types

The icons are delivered as PNG files and ICO files. If necessary you can easily convert the icons to BMP or GIF format using the Toolbox.
